

#WinItWednesday 10/06/2020

Each winner will receive an EESW goody bag and be entered into the draw for an Amazon voucher!

Choose one or both the Fun Challenge and  Stretch Challenge and get creative with your STEM skills! Good luck!

Fun Challenge: Desert Island STEM

Imagine you have been shipwrecked on a deserted island. You have to survive until help arrives. Using your STEM skills, can you design, create and test something to help you survive? Maybe you can use your design skills to build a den, or your science knowledge to turn sea water into fresh water? Could you construct a raft? Perhaps you could find a way to send an SOS message?

Stretch Challenge : The Power of the Sun

We are now officially in the Summer season! With longer, warmer days, we see the sun a lot more!

Using research and items in your home, can you demonstrate how the sun is our ultimate energy source? For example, a solar powered device or a plant using photosynthesis to generate energy.

Submit your competition entry (either pictures, videos or designs) to i2e@eesw.org.uk or to our Twitter or Facebook account by 3pm Tuesday, 16th June. Winners announced 10am Wednesday 17th June. Good luck!
