

#WinItWednesday 24/06/2020

Each winner will receive an EESW goody bag and be entered into the draw for an Amazon voucher!

Choose one or both the Fun Challenge and  Stretch Challenge and get creative with your STEM skills! Good luck!

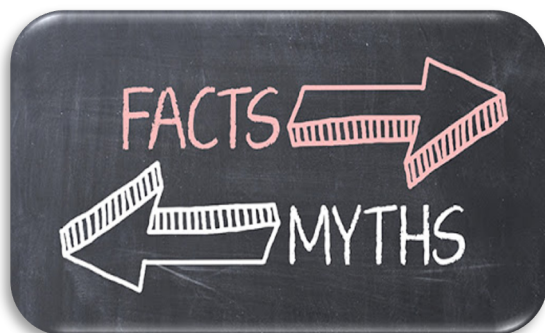

Fun Challenge: Let's Go Fly a Kite

Using materials found in your home or classroom, can you design and build a kite that flies in the wind? Remember that it needs a large surface area to catch the wind, and it needs to be well secured to a handle so that it doesn't fly away! Why not research the best shape for a kite or which materials to use?

Stretch Challenge : Myth Busting

Many statements and 'facts' are commonly repeated, but are they true? Choose one from the list below and either research or design an experiment to test if they are fact or fiction!

- Fizzy drinks can clean dirty coins
- Yawning is contagious
- All fingerprints are unique
- All plants need light to grow
- Germs are invisible
- Bottled water is different to tap water
- Sea water can't be turned into drinking water

Submit your competition entry (either pictures, videos or designs) to i2e@eesw.org.uk or to our Twitter or Facebook account by 3pm Tuesday, 30th June. Winners announced 10am Wednesday 1st July. Good luck! Pob lwc!
